Dear Mr. O'Leary,

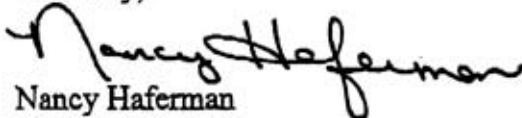

Thank you very much for your response to my letter of 9/22/08. I will be making an appointment with you in the very near future. I have been very busy with things related to my son's untimely death.

I am requesting at this time that a full investigation be done of the handling of this case by the Edgerton Police Department. I have documented many mistakes that were made and these need to be addressed. I am enclosing a letter that I sent to Erik Thompson the Mayor of Edgerton. I was told this weekend by Russ Feingold that it is your department that has to investigate any wrong doings by a police department in Rock County.

Their own investigating officer admitted to my husband and myself three times during an hour conversation that he had made many mistakes during the investigation and will have to answer for these. But the biggest mistakes I feel were the officer not taking the gun Saturday night or making sure that Jenni and the gun were not at the house after Shaun was released from the Rock County Health Care Center. There are several more listed in my letter to the mayor.

I would like to hear from you at your earliest convenience on this matter.

Sincerely,

Nancy Haferman
